BRUSHY MOUNTAIN APPLIES

Something to have a Festival about!

Apple orchards have been a large part of the Wilkes County agricultural scene for over 100 years. In the early days of Limbertwigs, Horse Apples, Baltimore Reds, Summer Rambos, plus others, were grown. In more recent years, as higher and higher standards have been met, modern methods of growing have made Red Delicious, Golden Delicious, Galas, Fujis and Pink Ladies now the predominant varieties, some of the best and tastiest apples in the United States!

Many members of the Brushy Mountain Community are orchardists and the rest of us live near enough to understand the great thing we have about us, Brushy Mountain apples!

ANNUAL

**FIRST
SATURDAY
IN OCTOBER**

**DOWNTOWN
North Wilkesboro
North Carolina**

BRUSHY MOUNTAIN APPLE FESTIVAL BIGGER AND BETTER EVERY YEAR!

SOME SCENES AT THE BRUSHY MOUNTAIN APPLE FESTIVAL

The Brushy Mountain Ruritan Club, sponsors of the Brushy Mountain Apple Festival since its inception in 1978, annually welcomes, throughout the day, over 100,000 visitors to the festival on the first Saturday in October. The streets of Downtown North Wilkesboro are filled with hundreds of crafters, food vendors and music stages. There is something going on every minute. Appalachian Heritage crafts are highlighted such as woodcarving, chair making, soap making, pottery throwing, and quilting. People enjoy watching apple butter cook and old-timey hit-n-miss engines. Almost continuous music is played at 4 stages by some of the area's best performers. Delicious food and drink satisfy the pangs of hunger and thirst.

The **Brushy Mountain Ruritan Club** is getting tremendous response from all over NC and beyond. Craft folks, exhibitors, local clubs and organizations, musicians, just about everybody with a talent seems bound to be here. Altogether they make the Brushy Mountain Apple Festival a **great family event**. We're sure you won't want to miss it. Go to www.applefestival.net for more information.
